

NEW CHARGING FEATURE

CHARGE THE TRAILER MOUNTED BATTERY WHILE DRIVING!

Haddad's is making a unique upgrade to its truck fleet, installing additional alternators to charge the trailer and make the most of your time on the road. Alternators are capable of an 80-100 amp charge rate when traveling at highway speeds. Just connect (2) plugs & flip (2) auxiliary switches and you're on your way!

OUR ADVANTAGE:

USE TRAVEL TIME
TO CHARGE

DELIVER
HIGHEST CHARGE
RATE POSSIBLE

KEEP YOUR
GREEN TRAILERS
RUNNING
LONGER

ALWAYS WORKING TO BRING YOU A **GREENER** FUTURE
